

DYNAMIC DINOSAURS

KS1

TEACHER GUIDANCE

THE CHALLENGES

Challenge One- **Ankylosaurus Roll (Agility & Balance)**

Challenge Two- **Velociprator Sprints (Agility & Balance)**

Challenge Three- **Brontosaurus Egg (Coordination)**

Equipment (based on class of 30 working in pairs)

Timer - stopwatch, watch or phone

30 x Markers - if not, floor spots, slalom poles or larger markers.

15 medium sized playground balls - if not, netballs or footballs

Implementation

In school- Either show the **videos** to your pupils or demonstrate each challenge to them. Allow pupils to practise, before asking them, or their partner to count their scores.

Home Learning/Participation- send the challenge sheet (contains links to **videos**) home or direct parents /pupils to our [website](#) where they can find these challenges and video links.

Score Collation

In school- Collect the **best** score of each pupil on the paper **scoresheet** provided or input directly onto the **excel spreadsheet**. Scores taken on the paper scoresheet will need to be transferred to the excel spreadsheet.

Home Learning/Participation- To collate scores from pupils at home either ask them to send them to you, post the provided scoresheet on your online learning platform, create a personalised spreadsheet and send the url link or create your own Google form. [Further guidance can be found here](#).

This excel spreadsheet is kept by the school, and not submitted. Inclusion of pupils' names is optional but can be useful for you to review school rewards and personal best achievement. The excel spreadsheet will collate the scores and provide you with an **average score** for each class in the **yellow section**. The **excel spreadsheet** allows six classes to be completed with a class size of up to 35. Additional spreadsheets can be used if required. The [excel spreadsheet can be found here](#) and the [paper scoresheet here](#).

On Line Scoresheet

The **average scores** from the excel spreadsheet should be submitted **online**. The deadline for submission is **12 February 2020**. Please [click here to submit your average scores](#).

Spirit of the Games

As always we expect schools to observe the **Spirit of the Games Values**. We will value participation over everything.

Please ensure that the scores submitted are suitably representative of both the activity and the pupil's ability.

"I would prefer to fail with honour than win by cheating" - Sophocles
