

# School Games Primary School Offer 2020/21 (Coming Soon)

In a response to #ReframingCompetition, the Golf Foundation has adapted the Tri-Golf competition offer with a focus on the 'My Tri Personal Best Skills Challenge, a dedicated School Games Values Festival, a Tri-Golf Virtual Competition and our tried and tested 8 Game Skills Challenge.

## My Tri-Personal Best Skills Challenge (4 Games)

### What is it?

Working with PGA coaches we have identified 4 Tri-Golf challenges which will help pupils learn, practice and improve their individual skills. These 4 games are split between putting and chipping and test the key fundamental skills of golf such as distance control and aim.

To help pupils, 10 teaching point videos are available on the Golf Foundation website covering the grip, aim, stance and posture which, with practice, will help them achieve their personal best score.

## Tri-Golf Virtual Competition (4 Games)

### What is it?

Test your group against the rest! Gather a team of 5 girls and 5 boys, set a score and enter it online at [www.golf-foundation.org](http://www.golf-foundation.org) and see where your school and team stand in the whole country and your county on the leaderboard.

Each of the 4 games has an individual leaderboard so you can see where you rank on an individual game and are identical to the My Tri Personal Best.

## Tri-Golf Skills Festival (8 Games)

### What is it?

This is the Golf Foundation's traditional School Games offer for primary schools. These are standardised Tri-Golf challenges testing players putting and chipping and the key fundamental skills of golf such as distance control and aim.

Teams are made up of 5 boys and 5 girls who could have been identified through the Virtual or My Tri-Personal Best.

School Games Values team points can also be awarded.

## School Games Values Festival (8 Games)

### What is it?

The Golf Foundation has assigned all 6 of the School Games Values to its standard 8 game format, with 2 of the most prominent to golf used twice; Self-Belief and Determination.

Over the 8 games, a pupil can build a personal score based on how they apply these values during the activity.

## Equipment (Davies Sports)

Full and half bags of equipment available from Davies Sports
